

Let's join a community association!

Your community association is _____ community association.

A community association is a group organized by your neighbors that, in cooperation with Kawagoe City, works to improve or maintain various aspects of the community

<What community associations do>

☆Fun☆

Community associations organize fun events such as matsuri(festivals)and sports days. In addition, they help build communities where residents get along with each other.

☆Information☆

Community associations help pass along important information for residents from such places as Kawagoe City Office and schools.

☆Clean☆

Community associations assist in maintaining a pleasant community by helping with cleaning parks and roads, maintaining garbage collection areas, and other tasks.

☆Safety☆

Community associations watch over children and patrol the neighborhood so that the residents can live safely. They also manage security lighting which keep streets lit at night.

These activities are covered by the community association dues paid by the residents.

The association dues are _____yen per year. (__yen per month.)

We' re looking forward to your joining your local community association.
