SUNSHINE ENGLISH COURSE 3 「POWER UP ⑥ Writing」

- ① I'm going to talk about our school which is called Kasumigaseki Higashi Junior High School. It was built in 1977. There were more than 1000 students in our school between 1979 and 1986. Now there are only more than 300 students. We have some goals to group as members of society. I think "everyone is kind to everyone" is the most important of our schools goals. Classes are held by different teachers, six times a day. For example, math, English, Japanese, and so are held. P.E. is an especially popular subject. Our school teachers often think of what to do to benefit our lives. So students study very hard every day and enjoy our school life too. We should enjoy everything if we want to be ideal people. That's all. Thank you for listening.

- ② Kasumigaseki Higashi Junior High School is one of the municipal junior high schools in Kawagoe. It was built in 1977, so 44 years have passed since then. Our schools education objective is "the student who is willing to study and is healthy both in mind and body." The school song was made by Satsuma Tadashi (lyrics) and Koshigaya Tatsunosuke (composition). There are 344 students in our school now, but about 40 years ago, there were over 1000 students because of district development. We have 13 club activities; 10 sports teams and 3 culture clubs. Each club has excellent results. We created a mascot called "Eastheron." The name comes from "east" and "white heron." The white heron is our schools symbol because it's the words of our school song.

- ③ Today, I'm going to talk about my school. My school was built in April, in 1977. It has a long history. In 1978, the basketball team won a game in a big contest which was held in June and August. In 1980, the brass band got a gold medal in a contest held in Saitama prefecture. I think students in my school have strong hearts and many goals. Also, our school has many events with elementary schools near here. For example, an interesting event called "Kodomo-Festival." There, we can start to have good communication with elementary school students. We can enjoy it every year. I want everyone to know about our schools good points. I'm proud of my school.
